had to the facts and to the views held by the Sanitary Commr it seems desirable the Mysore City Municipality to have a qualified Veterinary Inspector

2 The finances of the Municipality do not however permit of any recurring additional expenditure being sanctioned (vide copy of the current year's Budget) With a view to overcome this difficulty, the Municipal Council have proposed to raise the slaughter house fees on sheep and goats from 2 annas 2 pies to 2 annas 6 pies and on bullocks from 2 annas to six annas per head These rates seem to be fair In the Bangalore City the fee to be paid on each head of sheep or goats slaughtered is 3 annas, and in the Kolar Gold Fields the fee is 2 annas in the case of sheep or goats and 6 annas in the case of bullocks Higher rates prevail in the Civil Station of Bangalore where the fee for sheep or goats is 3 annas and for bullocks or cows 8 annas In the opinion of the Health officers of the Mysore City Municipality, the proposed revision of the rate not only covers the cost of the proposed establishment but also leaves

4 It is a question whether the Veterinary Inspector's pay may not be fixed at Rs 30 instead of Rs 50 proposed and whether one peon on Rs 5 is not enough for him The allowance of Rs 10 proposed for the Inspector may perhaps be allowed as a cycle allowance. The Veterinary Inspector in Bangalore is paid Rs 30 only per mensem and is given only one peon on Rs 6. The Officer Many of the Assistant Veterinary Inspectors employed in the State are paid only Rs 30 per mensem. If approved, Rs 11 will be consulted.

5 The proposal to raise the rates of slaughter house fees may be sanctioned ~~subject to the necessary~~ ~~approval~~ It seems doubtful however whether this proposal should be published and objections invited in the manner laid down in section 60

Sir,

In submitting for the orders of Government accompanying copy of the resolution of the Council tog with the copies of the marginally noted records in the

slaughter houses and appointing a Veterinary Inspector f supervising the slaughter houses &c I have the honour to state that as suggested by the Inspector of Cattle Diseases in Mysore in his report to Government copy of which was received with your docket No 2877 of 22nd September 1910 in the matter of the periodical inspection of slaughter hou Hackney/Jatka stands by Veterinary Officers, the Municipal Council has thought fit from a public health point of view appoint one separately for the above purposes

2 I request therefore that you will be so good

as to move the Government to sanction the levy of enhanced rates on animals slaughtered in slaughter-houses and the — entertainment of a Veterinary Inspector on Rs.50 plus 10 with 2 peons on Rs.5 each per month as recommended by the Council

3. If the above proposals are sanctioned necessary provision will be made to meet the extra charges by a reappropriation of the current year's budget grant.

I have the honour to be,

Slaughter houses.-

Our slaughter houses are in --- defective condition. They are often found any thing but clean. Secondly we have absolutely no check on the slaughter of animals. During last year on an average 2600 animals per month were slaughtered in spite of unfavourable conditions as plague and cattle diseases.

This yields a revenue of about Rs.970/- per year. But as it is farmed out to a contractor, we get only Rs.360/- sustaining a loss of about Rs.640/- every year. If the tax levied per head of animal be increased by quarter of an anna, it would fetch not less than Rs.1,400/- per year and would cover the cost of maintaining an establishment of a Veterinary Inspector a Daroga and a sweeper, leaving a --- balance of a balance of a good sum that could be applied towards effecting sanitary improvements.

H.O's suggestion is worth consideration. We all know the awful state of the slaughter house as a rule and that no sort of supervision worth the name is exercised over the animals. I think we ought to take a lesson from C & M Station, Bangalore, and have the cattle all carefully --- examined before slaughtering. This is the very minimum of precaution, it is

Govt are pleased to sanction the appointment of a Veterinary Inspector on Rs 30 + 10 Cycle allowance a month and also the employment of one peon on Rs 6 a month. The charge during the current official year should be met by a reappropriation of the budget grants of the municipalities

2 Three months have elapsed since the Rural Councils' resolution referred to above was passed and it is presumed that the higher rates of slaughter house fees — which alone would justify the appointment of the Veterinary Inspector — are likely to be brought into force early. The President is therefore requested to be so good as to submit the report already called for in the matter.
